#### **Committee Information**

Please review the choices of committees below. When you have selected the committee you wish to join please enter it below and, if you would please, provide supporting information.

**Committee?**

**Reason for your interest?**

**What level of participation can you handle?**

**Development** – this committee would work with the Development Director to brainstorm ideas and facilitate fundraising activities to create additional streams of revenue for Inclusion to provide ongoing fiscal health. Committee would also cover any potential public relations or marketing duties.

**Quality Assurance** – to review and monitor compliance with QA plan. This committee would ideally have both a customer and staff component. This committee would definitely include parents and clients, as well as subject matter experts (e.g. medical professionals, perhaps from OHSU). The committee's goal would be to ensure that skilled staff works with integrity; that customers are satisfied, and foster excellent teamwork.

**Community Knowledge** – to encourage Inclusion Inc's further integration in the community, and vice versa. This would also include finding and cultivating members of the community to volunteer with Inclusion, especially on a committee. This committee would encourage community education.

**Governmental Affairs Committee** – this committee would monitor legislative and political developments, and report back to the Board. They would seek to be informed on the organization, state rules, societal issues, policy, best practices, and fiscal practices that will increase our effectiveness as a board and organization.
